## CORRIGENDUM

## LncRNA PVTI promotes proliferation, invasion and epithelial-mesenchymal transition of renal cell carcinoma cells through downregulation of miR-I6-5p [Corrigendum]

Ren Y, Huang W, Weng G, Cui P, Liang H, Li Y. *Onco Targets Ther.* 2019;12: 2563–2575.

On page 2570, Figure 5 (**D**) and (**E**) should be presented as follows:

Following a review of our data post-publication, we found the incorrect images were used for Figure 5 (**D**) and (**E**). The correct images Figure 5 (**D**) and (**E**) are shown in this

corrigendum. This correction of images has no impact to the findings of the study. The authors apologize for this error.

## OncoTargets and Therapy

## Publish your work in this journal

OncoTargets and Therapy is an international, peer-reviewed, open access journal focusing on the pathological basis of all cancers, potential targets for therapy and treatment protocols employed to improve the management of cancer patients. The journal also focuses on the impact of management programs and new therapeutic

agents and protocols on patient perspectives such as quality of life, adherence and satisfaction. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit http://www.dovepress.com/testimonials.php to read real quotes from published authors.
