Faculty Grant Opportunities

[Boston University Foundation Relations](#) encourages faculty to apply for the following grant opportunities.

Featured Virtual Event

Featured Prizes

Agilent Technologies: Early Career Professor Award

Purpose: This award promotes excellent research enabling measurements of importance to the company and the world; establishes strong collaborative relationships between company researchers and leading professors early in their career; and (iii) builds the prominence of the company as a sponsor of university research.

The topic for 2023 awards is: *contributions to the development of live cell analytical tools to identify and measure novel critical quality attributes (CQA) to advance biomanufacturing applications.*

Solicitation: Successful Proposal Library

Boston University SharePoint Search this site

 Proposal Library

+ New Page details

We have compiled a library of successful proposals submitted by BU faculty members to external funders. These proposals are available to members of BU's research community to provide insight and ideas regarding level of content, structure, language style, and format for grant-seekers. ***These proposals are for reference only and should not be distributed beyond the BU community.***

Looking for further assistance?

- For foundation funding, contact [Foundation Relations](#).
- For federal funding, contact [Federal Relations](#).
