CASEN 178 2889			Potential Problem						
	The cur sho	ere is a time conflict for class number 14667 and class number 2889. There rently a meeting time conflict for two of your shopping cart classes or a opping cart class and one of your enrolled classes for this term. Use the clas mbers to check the meeting times.							

From the Shopping Cart, you can Validate your classes to make sure there is not a conflict between any classes.

Just like with the StudentLink planner, putting a course in the Shopping Cart does not guarantee that you have a seat in the class. This is a planning tool to help you

enroll more smoothly once registration opens.
