Date: **Tuesday, April 10, 2012**

Time: **1:00 pm – 5:00 pm**

Location: **Boston University George Sherman Union (GSU)**
                   775 Commonwealth Avenue, Second Floor
                   Conference Auditorium
                   Boston, MA 02215

Making informed decisions about mobile devices, security, and use of the Cloud demands that today's business leaders and consumers understand the risks—as well as the opportunities, posed by evolving technology. Boston University's Professional Development Lecture Event will highlight the many factors associated with mobility and security, along with issues such as Bring Your Own Device (BYOD); vulnerabilities and malware; data privacy; and availability.

This event is free of charge and open to the public.
