Student Name: _____ BU ID: _____

Specialization: _____ Email: _____

The MS Curriculum requires completion of at least 32 graduate-level credits, with a cumulative GPA >= 3.0, while satisfying a *specialization requirement* and a *thesis/project requirement*. The remaining credits must be graduate electives.

The specialization requirement is met by taking four structured graduate courses with grades of C or higher from a single specialization area (see the back of this sheet).[1]

The thesis/project requirement is met by first having a research proposal approved and then successfully defending a 4-credit thesis or a 4-credit research project.

The graduate electives must be ENG graduate courses. You must obtain a grade of C or better in each graduate elective. 4 to 6 credits of courses of EC9XX are applicable towards meeting degree requirements.
