

# BU Hub & the philosophy major

The BU Hub is Boston University's general education program ([www.bu.edu/hub/what-is-the-hub](http://www.bu.edu/hub/what-is-the-hub)). In the course of fulfilling the requirements for a philosophy major, students will also fulfill a broad range of Hub requirements. By default these will include PLM, HCO, GCI (1 unit), ETR, WIN (1 unit), CRT, and RIL (1 unit). In addition, the other GCI and WIN units, AEX, SI1, SI2, SO1, SO2, QR1, IIC, and OSC can easily be fulfilled by taking courses required for the major. Many joint majors will naturally fulfill requirements besides these—e.g. QR2 and TWC.

Following is a list of the six Hub capacities, and the philosophy courses that currently satisfy them (\*courses marked with an asterisk are pending final administrative approval, and will become effective in Spring 2021 if approved; †courses marked with a dagger will count for Hub credit only as of Spring 2021):
