

# Enabling Zoom with Oauth

*Last updated 4/19/2022*

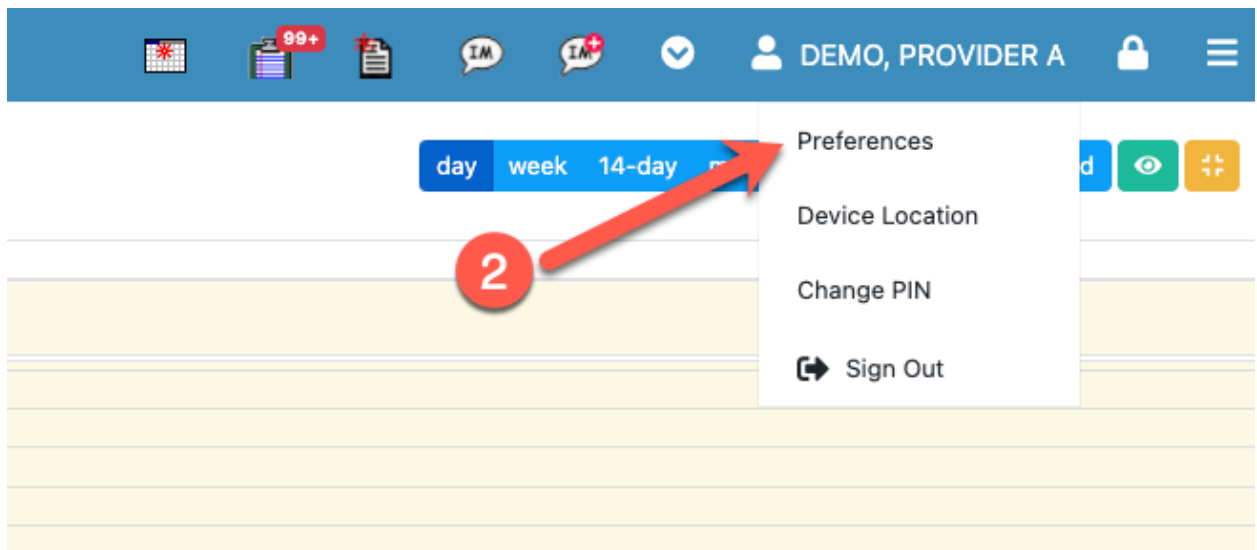

Once your organization transitions from JWT Zoom integration to Oauth, each user must complete the following steps.

## End-User Instructions

1. Click your name in the upper right of the screen.

2. Select Preferences.

3. Make sure you are logged into Zoom using the account associated with your organization. Click Install Zoom.

Show information icons on the schedule for...

<input type="checkbox"/> Outlook	<input checked="" type="checkbox"/> Missing Questionnaire	<input checked="" type="checkbox"/> Double Bookable	<input checked="" type="checkbox"/> Charge Ticket
<input type="checkbox"/> Physical	<input checked="" type="checkbox"/> Web Appointment	<input type="checkbox"/> PCP Appointment	
<input checked="" type="checkbox"/> Encounter Note	<input checked="" type="checkbox"/> Encounter Checked Out	<input checked="" type="checkbox"/> Encounter Signed

Integrations

**Install Zoom** 3

Installing the Zoom OAuth app will grant your Point and Click user access to Zoom. Your Zoom account must already exist in your organization's group. If installing Zoom does not work, and you think it should, please contact your system administrator for help.

[Save](#) [Cancel](#)

4. Select "Allow this app to use my shared access permissions" and Authorize.

Zoom Authorization
