

FLM: Sentence Clarity (Characters and Actions)

In-Class Activity

Online Implementation

You will be put into a break-out room with a couple other students.

Once in your break-out room, take turns to share your revised page from the online activity with your team-mates; it is recommended that you copy your text into a Google doc and then share it with your group.

As your team-mates are reading your text, ask them to identify moments when your sentences are still wordy, clunky, or confusing. Additionally, discuss moments when different principles of style and sentence clarity seem to conflict, and talk about how to choose between different principles of clarity, concision, and coherence.
